

# Ancaster Film Fest

## Monday Night at the Movies

\$1200 was donated from the last screenings to the Ancaster Food Drive. Proceeds from today's screenings will go to the Hamilton Out of the Cold Program

### Monday March 6: Paterson, 1:00, 4:00, 7:15 p.m.

Paterson is easily one of Jarmusch's most accomplished films. He portrays the life of the mind and the workings of the creative soul as a kind of secret love affair, a deep, hidden well inside the most ordinary, mundane existence. Tirdad Derakhshani/  
Philadelphia Inquirer

Viewers are treated to a portrait of romantic devotion, contentment and vocation all the more affecting for being so utterly, unapologetically heartfelt. Ann Hornaday/Washington Post

Jarmusch has created a small miracle of a film, one that is both intellectually dazzling and emotionally provocative. David Wiegand/San Francisco Chronicle

"Paterson" is simultaneously a paean to art and a tribute to working men-long-suffering men who toil in thankless isolation on repetitive jobs, carrying family responsibilities on their shoulders. Richard Brody/New Yorker

### Upcoming Films
